B+G URBAN POST TABLE

Tables » Dining Height Tables

Timeless post table design. Batten top in 2 hardwood or 4 Duraslat™ colors supported by an elegant cast aluminum frame in 17 powder-coat finishes.

Description Referencing Paris's famous wrought ironwork, curved cast aluminum framing is complemented by muscular hardwood or Duraslat™ surfaces to offer a timeless Urban post table. Finishes include 2 Australian Eucalyptus hardwood or 4 Duraslat™ colors and 17 powder-coat finishes or a natural aluminum finish. Urban is close to our heart; a classic, elegant, and highly functional collection that works in almost any public space.

How to Specify

Select your length
Select your batten finish
Select your frame finish
Select your fixing type

Care Instructions

Hardwood

Cleaning

Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling

Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Duraslat™

Cleaning

Clean with mild soap and water and use a soft brush to remove any dirt build-up.

Powder-Coat

Cleaning

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Additional Comments

Hardwood is treated with a UV-resistant oil finish in a light or dark tone.
