B+G URBAN TRI TABLE

Tables » Dining Height Tables

Unique tri table. Irregular hexagon shape. Batten top in 2 hardwood or 4 Duraslat™ colors. Elegant cast aluminum frame in 17 powder-coat finishes.

Description	Referencing Paris's famous wrought ironwork, curved cast aluminum framing is complemented by muscular hardwood or Duraslat™ surfaces to offer a timeless and unique Urban tri table. Featuring a unique irregular hexagon shape and striking slatted top design, the table creates a focal gathering point and is ideal for large groups. Finishes include 2 Australian Eucalyptus hardwood or 4 Duraslat™ colors and 17 powder-coat finishes or a natural aluminum finish. Urban is close to our heart; a classic, elegant, and highly functional collection that works in almost any public space.
Made In	USA
Dimensions	Hardwood 84"W x 73"D x 30"H (2125mmW x 1840mmD x 755mmH) Duraslat™ 83"W x 72"D x 30"H (2105mmW x 1825mmD x 755mmH)
Weight	Hardwood 326lbs (148kg) Duraslat™ 320lbs (145kg)
Batten Type	Hardwood Australian Eucalyptus Duraslat™ Plateau, Summit, Canyon, Outback
Frame	Cast aluminum in a powder-coat or natural aluminum finish Post: powder-coated galvanized steel, colour to match frame specification or silver to coordinate with the natural aluminum finish

Sustainability

Certified Hardwood

Australian Eucalyptus hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system.

Material Alternatives

We offer sustainable alternatives to hardwood, such as Duraslat™; a mineral-based composite material that contains no Volatile Organic Compounds (VOCs) and is engineered using up to 46% natural filler that is based on a renewable mineral.

Recycled Materials

We locally source our steel. It means we know it uses recycled content and is 100% recyclable.

Low Pollutants

Our powder-coating process doesn't emit VOCs and has Environmental Product Declarations (EPDs) that enable projects to qualify for LEED credits.

Warranty

5-year warranty. View the [warranty](#) for more details.

Lead Time

6-8 weeks

Assembly & Delivery

Flat pack assembly. Assembled on-site. Some simple assembly is required to attach the legs prior to installation. Due to the weight of this item the top will be delivered on a pallet with the legs separate. A forklift or lifting equipment (by others) is required to take delivery.

Fixing Detail

Post fixed by others - must be surface fixed.
Anchors not included.

How to Specify

Select your batten finish
Select your frame finish
Select your fixing type

Care Instructions

Hardwood

Cleaning

Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling

Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Duraslat™

Cleaning

Clean with mild soap and water and use a soft brush to remove any dirt build-up.

Powder-Coat

Cleaning

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Additional Comments

Hardwood is treated with a UV-resistant oil finish in a light or dark tone.
